

KIDS NEED FUNd

Every Kid Needs Fun. That's a scientific fact!

Playing is vital to child development. It enables kids to increase social skills, improve maturity and in third world countries, playing inspires healing; especially for children suffering from poverty, hunger and the effects of war and disasters.

We want to give every child the opportunity to play -- just like our children -- but we need your help!

Please consider partnering with us to help provide playgrounds for children in third world countries. Swinging, sliding and crossing the monkey bars will help them forget about worries no child should have to experience. Let's show the world we care for God's children!

Genesis Church, Kids Around the World and House of Hope Amer-Haitian Bon Zami (an all girls orphanage located in Port-Au-Prince, Haiti) formed a partnership to raise \$20,000 to purchase a refurbished playground, pay for the shipping and send a crew down to install. All donations are tax deductible.
